

February 10, 2017

Dear RCRT Committee:

I would like to congratulate you on successfully hosting the AIRP courses in Bangkok, Thailand. I, personally, would like to thank Dr. Jiraporn and her team for their efforts. I'm confident that without the vision and management of Dr. Jiraporn, bringing the full 4 weeks AIRP course into Asian Region would not have been realized. We have been extremely pleased with the attendance and meeting mechanics. We truly believe that this meeting provides a wonderful first AIRP Asian hub for teaching of the importance of Radiologic-Pathologic Correlation.

We look forward to Dr. Jiraporn's guidance and support as we prepare to start the second cycle of the RCRT-AIRP courses to begin next year.

Sincerely,

Mark D. Murphey M.D.
